Stansfield Turner
Director
Central Intelligence Agency
Washington, D.C. 20505

Dear Mr. Turner,

Under the terms of the Freedom of Information Act, the HOYA would like to request information concerning all past and present contractual arrangements or agreements and all personnel relationships between the CIA and Georgetown University.

In addition we would like to request that we receive all available information concerning any activities of the CIA's Office of Security on the Georgetown campus.

By contractual arrangement or agreement we mean research contract (witting or unwitting on the part of the researchers), and training contracts or agreements, and recruiting agreements with Georgetown University.

By personnel relationships we mean any person that is in the employ of the CIA or receives funding from the CIA (witting or unwitting) and persons who (paid or unpaid, witting or unwitting) "provide the CIA with leads, make introductions for intelligence purposes, occasionally write books and other material for propaganda purposes," collect or disseminate information on a regular or non-regular basis, and engage in "spotting" and/or recruitment of foreign nationals who are students at Georgetown University. This category would also include those

Personnel includes non-academic staff, research assistants, teaching assistants, graduate students, professors, undergraduate students, administrators, student athletes and coaches.

Our request for material concerning the activities of the Office of Security would cover all documents pertaining to these activities recently released to Messrs. Marks and Halperin and previously submitted to the Church committee which would concern Georgetown University.

Thank you very much for your cooperation.

Sincerely

Douglas Schoppert
